

To,

Respected **Mag.Gen Kandal Sir**,

It was my first attempt for defence services through UES-2010 entry and it become possible because of "**C.S Institute of Defence & Management, Bhopal**".

The best part of the institute is to make us self dependence and enhance our ideas which consist of our thinking.

This thinking make --" **To My Group Selected** ".

This happens in my Allahabad SSB and that why I have selected from the "Rejection Board" as per said by humors.

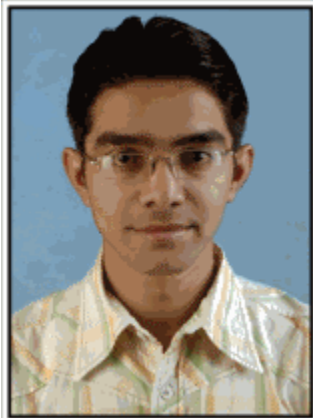

Your few days of value based education influenced my heart.

The handouts,GTO,Picnic(VAN VIHAR & Kevar Dam),Psycho test were become the part of direction which lead me to the Entrance of Indian Military Academy (IMA) and becoming the part of organization called as INDIAN ARMY.

This is my first stay in a hostel. Where I came to know many good things with my colleagues.

I Abhinav Gangrade thanks to **Mag.Gen Kandal Sir** and **Chiranjeev Sir** for giving me this opportunity and I need blessings from you to make this success forever which makes my family proud and honored.

All the very best for new members who became the part of this Institute for Enlighten its Wisdom.
