BATCH NO. V-COSE/12

COURSE. 181 FLYING PILOT

Respected Sir,

I came to you after getting conference out from 3 SSB's just for selection but I was unaware that these 14 days are going to change my attitude and thus life forever. Whatever I learned here was not for SSB, but for life indeed. You made me an officer but before that you made me a human being and a gentleman. You made me realise my worth, the worth of my life. As a candle bearer, you fit an idea:—"If I am present somewhere I should create a difference otherwise I am as good as dead."

I don't want to exaggerate but this was the best thing happened to me, ever. I wish everybody can have a mentor like you. I am recommended in the 4th attempt from 4AFSB, Varanasi. Just by having faith in the ideas which you taught.

Yours faithfully,

Aditya Jain
