

Firstly I am very thankful to **MAJGEN M.P.S. KANDAL Sir & CHIRANJEEV Sir** as they helped me in practicing regularly the different GTO tasks & psychological tests. After joining CSI, I came to know about many hidden qualities within myself as CSI brings best out of you & helps you to workout on your weaknesses.

One more thing which I like the most about CSI is that, the lessons which we get from here are not bound for SSB or Defence only rather they are very useful for ones life as well.

Here I spent only 14 days, but I am sure that I'll never forget those 14 days as each day provided me with new thoughts, new friends (Many) & more importantly new approach towards life.

All the very Best to all my CSI Friends & Defence aspirants.

With Best Wishes:-
