

Respected Sirs;

First of all i would like to put on paper my everlasting gratitude towards **KANDAL SIR** for his lucid teachings and life changing visual spectrum that He has imparted me through this magnificent coaching institute. The fact that "To be an OFFICER You don't have to qualify your SSB and have an olive green dress" - really changed the course of my life; It took away the undue pressure and taught me what it takes to be a good and responsible human being.

His lectures with practice thinking makes your dull mind to introspect and overcome your shortcomings and polish your strong point. with regards to SSB and life ahead.

I faced 4 SSB's and qualified 3 out of them. All were from Allahabad. After coaching too the guidance and help keeps you afloat all the gloominess. Its always a Mentor's home and ~~the~~ you can approach it ~~at~~ any given time or problem.

The coaching's methodology helps you understand what ACTUALLY IS SSB and its procedure. And once you know the question paper; passing it was simple.

I again heartfully thank cheeranjeen sir and **Kandal sir** for there practice guidance and coaching that helped me immensely in cracking my SSB(s).
