

Respected Sir ,

I am very thankful to you and C.S INSTITUTE OF DEFENSE AND MANAGEMENT for the learning and ambience provided to me which eventually helped me in getting selected in ARMY from SSB- ALLAHABAD , According to me SSB is all about your Psychology and at CS INSTITUTE the main aim is to make or improve a candidates psychology so that he can fit the stencil of Indian Army , This training program not only helped me in the SSB but also made my approach a positive one and helped me in knowing my capabilities better than before. I would like to thank again Maj.Gen. MPS Kandal Sir & Chiranjeev Sir for the hardwork they put during my classes and made me successfull in realising my dream .

I wish you both the best of the health and best wishes for the friends who are going to appear for SSB.
